

Directors' report

For the year ended 31 December 2019

Statement of corporate governance arrangements

The Directors are committed to maintaining the highest standards of corporate governance, but do not regard it to be necessary or appropriate for the Company formally to adopt a corporate governance code. The Group provides each member company with access to its central resources and provides policies in all key areas such as finance, risk human resources and the environment. These central resources and policies are aligned to the Group's governance framework, which is consistent with the 2018 UK Corporate Governance Code.

The core elements of the Group's governance framework are the:

- schedule of Matters Reserved to the Board and the Board Committees' Terms of Reference;
- High Level Control and System of Governance Framework document;
- Risk appetite statements;
- Enterprise Risk Management Strategy and Framework;
- Group policies, which address specific risk areas, are aligned to the Group's risk appetite, and inform the business how it needs to conduct its activities to remain within risk appetite; and
- Minimum Standards, which interpret the Group policies into a set of requirements that can be implemented throughout the Group.

During the year, the Company complied with the Group's governance framework. Further information on the system of governance in operation throughout the Group can be found in DLIC's 2019 Annual Report and Financial Statements.

Business Relationships

Examples of how the Directors have had regard to the need to foster the Company's business relationships with suppliers, customers and others, and the effect of that regard, including on the principal decisions taken by the Company during the financial year can be found in the section 172(1) statement on page 4.

Statement of Directors' responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law, including FRS 101 "Reduced Disclosure Framework", and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company at the end of the year and the profit or loss of the Company for the financial year. In preparing these financial statements the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom standards, comprising FRS 101 have been followed subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose, with reasonable accuracy, the Company's financial position at any time; and enable them to ensure the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the Company's assets and, hence, taking reasonable steps to prevent and detect fraud and other irregularities.

Approved by the Board of Directors and signed on behalf of the Board by:

T W Harris
Director
